The Rule of Law

Essentially, court cases is the same as last nights. The District Attorney and the Assistant District Attorney practice speaking their speeches in front of the judges. The judges then ask questions to find holes in the speeches. All of the cities' District Attorney and Assistant District Attorney practiced in front of all the city judges and got feedback from the counselors.

Fake News, Troubled Media

A media veteran's take on the industry today.

The staff at the newspaper would like to thank Jon Ralston for taking time to come join all of us delegates at Nevada Boys' State. Through him, we gained insights into the world of media and its recent tribulations, along with Ralston's own plans with his newspaper, the *Nevada Independent*. After a short autobiography, he took questions from a wide variety of perspectives, covering everything from current news outlets and the effects of recent politics to discussions on the role of the media and how it develops in general. We thank Mr. Ralston for the time he took to expand the world views of all of us.

Dear Counselors

Throughout this program we have Risin to the occasion and progressed along the way. However, there was a huge force helping us and pushing us along the way. This force is the counselors. The newspaper team has asked a couple of people from each City to give some inspiration thoughts of each counselor. Las Craigas, "Simon is the funniest counselor we could ever ask for and he always keeps us in check. "Noah has always been there when we needed him the most". "Nick you have changed my life in a way that I can never forget". Martie, "Parker you always give us the inspirational that we need to go throughout the day plus he is a really cool guy". "Dylan and lan" you guys are big brothers to us and you can joke with us, but you are always there to put us on the right path to honor city". "Howard, "Evan you are a super chill with us and you are a big brother we had never had". "Ryan you're a very inspirational man and you are always showing us what is the right path". Adrian you are super chill with us you're very inspired man that always gets us hyped up to reach our goals". Jaytown, "Eyasu you are extremely big help towards us in all the activities that we have". "Erik you have so much passion for everything that that we do and it is really is inspirational". "Robert you have shown us so much wisdom at this camp that we will bring it with us to the future in our lives". Anderson, "Cody you are so intelligent and everything that you do and you put so much time and effort in the lectures and your compassionate to a fault". "Mackienzy you are a lovable goofball with everything you do at the lounge and you can always make us laugh with your charm". Thank you Mackienzy for printing out the newpaper the news paper team really appreciates it. "Andrew you can always make us laugh and you are big brother to us. It is also inspirational to find someone that loves pooping more than I do. Osgood, "Tyson you are the hype man and you always push us to get honor city. "Andrew you are really good at giving us advice to do something and when we don't know how to do it you will take another steb and show us your technique in your advice". "Justin even though we don't see you a lot you're such a big part of the city and we can't do it without you". For any counselors that I didn't put in this you're really appreciated and it wouldn't have been as fun or a big memory as it is.
